We can work with your organization to design storytelling practices that strengthen critical-thinking, communication, reflection, and cultures of dignity and respect. We offer workshops for those who want to improve their storytelling skills using:

- Storytelling in the classroom
- Storytelling for community building and social justice
- Leadership training through sharing and listening to personal stories
- Staff development and team building through storytelling

We will work with you to create a workshop that suits your desired outcomes.

### Storytelling Performances

Our storytelling performances are suitable for grades levels preschool - college. We schedule the storyteller based on the grades of students. We recognize that you may have a specific storyteller request. We will do our best to honor that. We can assure that you will have a wonderful experience.
